Where do DePaul students go after graduation?

Career Outcomes Rate
Bachelor's Degree Recipients

93%

- Employed 66%
- Continuing education 27%
- Not seeking 1%

7% of degree recipients are seeking employment

2016 saw a significant percentage-point increase in those continuing their education, especially among graduates in mathematics and health sciences. This is in keeping with the clinical goals of many of our students and the support they receive through the pre-health program.

Employment Details

- 72% of employed graduates are in a job related to their degree
- 72% of employed graduates are in new or better positions
