

GET HIRED ON HANDSHAKE

The Handshake platform is designed to help you discover and connect to career opportunities. Use Handshake to search for jobs and internships, register for career fairs and events, research employers and industries, and make appointments with DePaul Peer Career Coaches and Career Community advisors.

Getting Started on Handshake

Three easy steps to get started and one step closer to finding your next opportunity.

1 *Log In*

We've already set up a Handshake account for you. Go to depaul.joinhandshake.com and log in using your Campus Connect credentials.

2 *Introduce Yourself*

Your profile is your time to shine, so don't be shy about listing your accomplishments. The more potential employers know about you, the better the chance they'll reach out. Make sure to list all of your hard work—in the classroom and out—in your profile.

3 *Tell us what you want to do and where you want to be.*

Set your preferences for the types of jobs and locations you're interested in, so Handshake finds and shows the right opportunities for you. You can update your preferences as often as you want, as your experience grows, or your focus area and interests change.

Be sure to **scroll down to Career Communities** (under "where are you interested in living?") and select the DePaul Career Communities that fit your career interests. Selecting communities will connect you to DePaul-exclusive email alerts, targeted job & internship postings, tailored industry resources, career advising, and more.
