## DEAR GRADUATE,

You worked hard to get to this day, and your DePaul family could not be more proud of you. Commencement is a ceremony with a dual purpose: it serves as a celebration of all that you have accomplished at DePaul and is also a launching pad for the next chapter of your life.

As you move forward, remember the lessons gained during your time at DePaul. You have learned a lot in and out of the classroom, and you are equipped to excel on your chosen path. Now it's time for you to go forward and make a difference in the world.

Congratulations on your graduation!

## DEAR GRADUATING CLASS OF 2023,

On behalf of the DePaul University's College of Science and Health (CSH) community, I would like to extend a sincere congratulations to the Class of 2023 on this tremendous accomplishment. You have been exceptional representatives of the College and University. I urge you to always remember that as a CSH graduate, you embody distinctive Vincentian values and play a vital part in serving our communities by improving the quality of life and the health of others with compassion, honesty, and integrity.

I think it is safe to say, that this day would not be complete without acknowledging those that have played a vital role in getting us to this pivotal moment. I would like to give special thanks to the parents, spouses, children and friends of our graduates for their patience, understanding, sacrifices and support. I know you also have this immense feeling of pride in what your graduate has accomplished and the abundant opportunities that lie ahead.

We are so fortunate to have such forward-thinking and dedicated students. It is evident that the College of Science and Health has well prepared you to be lifelong learners that will make meaningful contributions to society. I am confident that as you embark on your next adventure, the path you blaze will continue to make our college proud. Your academic contributions and your desire to continuously learn and innovate have been invaluable to the college, and we are grateful for the legacy that you're leaving behind.
