

DEPAUL UNIVERSITY'S 124<sup>TH</sup> COMMENCEMENT

**JARVIS COLLEGE OF COMPUTING AND DIGITAL MEDIA**  
JUNE 10, 2023

June 2023

## DEAR GRADUATE,

Congratulations to DePaul's Class of 2023! I'm thrilled to celebrate my very first commencement at DePaul with you and your families. Today, you're joining one of the most powerful alumni networks in the nation.

Across the country and around the globe, DePaul alumni are known for their grit, innovation, and passion for making the world a better place. Our collective impact on the world is now 5,500 people stronger, because of you. I'm proud of you and look forward to following your future success.

A handwritten signature in black ink that reads "Robert L. Manuel". The signature is fluid and cursive.

Robert L. Manuel

President

June 2023

## DEAR GRADUATE,

You worked hard to get to this day, and your DePaul family could not be more proud of you. Commencement is a ceremony with a dual purpose: it serves as a celebration of all that you have accomplished at DePaul and is also a launching pad for the next chapter of your life.

As you move forward, remember the lessons gained during your time at DePaul. You have learned a lot in and out of the classroom, and you are equipped to excel on your chosen path. Now it's time for you to go forward and make a difference in the world.

Congratulations on your graduation!

A handwritten signature in black ink, appearing to read 'Salma Ghanem'.

Salma Ghanem, PhD

Provost

June 2023

## DEAR CLASS OF 2023,

On behalf of the entire Jarvis College of Computing and Digital Media Community, I extend my heartfelt congratulations for your great accomplishment.

I'm so proud of all that you've achieved during your time at DePaul. You've won cybersecurity competitions, created award-winning films, designed games for social impact, and created innovative solutions to real-world problems for the communities that surround us.

We are fortunate to have such forward-thinking and dedicated students, and I know CDM has prepared each of you—storytellers, tech innovators, designers—to become lifelong learners who will blaze new paths and continue to make meaningful contributions to society.

On this day of celebration I would like to give special thanks to the parents, grandparents, siblings, partners, children, and friends who have encouraged you and supported you through this journey. They share our pride in your accomplishment and our confidence in your bright future.

As graduates, you will always be an invaluable part of the CDM family. We are grateful for the legacy you leave behind and hope you will maintain strong ties with the college. The ongoing engagement of our alumni strengthens our college and enriches the experience of our students. I urge you to join the Alumni Association and, in your own meaningful way, to give back to our programs and support our students.

On behalf of the faculty and staff of the Jarvis College of Computing and Digital Media, congratulations again.

I can't wait to see what you do next.

A handwritten signature in black ink that reads "Lucia Dettori". The signature is written in a cursive, flowing style.

Lucia Dettori, PhD

Interim Dean, Jarvis College of Computing and Digital Media

## **PROGRAM**

# THE THEATRE SCHOOL AND JARVIS COLLEGE OF COMPUTING AND DIGITAL MEDIA

## **UNIVERSITY MARSHALS**

Jason Beck, MBA, *Assistant Dean, The Theatre School*

Wendy Roderweiss, BA, *Senior Professional Lecturer, Jarvis College of Computing and Digital Media*

## **INVOCATION**

Rev. Guillermo Campuzano, C.M., *Vice President, Mission and Ministry*

## **CONFERRAL OF HONORARY DEGREES**

Ron OJ Parson, *Resident Artist, Court Theatre*

Citation read by Martine Kei Green-Rogers, PhD, *The Theatre School*

Hoarding by Robert L. Manuel, PhD, *President* and Salma Ghanem, PhD, *Provost*

## **STUDENT ADDRESS**

Keslie Carrión, *MS candidate in Human Computer Interaction, Class of 2023*

## **REMARKS**

Robert L. Manuel, PhD, *President*

## **CONFERRAL OF DEGREES**

Martine Kei Green-Rogers, PhD, *The Theatre School*

Lucia Dettori, PhD, *Interim Dean, Jarvis College of Computing and Digital Media*

Robert L. Manuel, PhD, *President*

## **REMARKS**

Salma Ghanem, PhD, *Provost*

## **ALUMNI INDUCTION**

Keslie Carrión, *MS candidate in Human Computer Interaction, Class of 2023*

LaReyna Griffin, MS, *Jarvis College of Computing and Digital Media, Class of 2018*

## **RECESSIONAL**

*The roster of degree candidates or honor distinctions as represented in this program was reflective of degree candidates at the time of production of this program as of April 30, 2023. We request that all candidates for graduation, their families and their guests, remain seated until the conclusion of the ceremony.*

## CANDIDATES FOR DEGREES

Lucia Dettori, PhD, *Interim Dean*

Candidates' names announced by Jacob Furst, PhD, *Professor* and Robert Steel, PhD, *Associate Professor*

### DOCTOR OF PHILOSOPHY

Saeed Saad H Abo-Oleat

Computer & Information Sciences

*Dissertation: A Value-Cost Model for Cryptocurrency Adoption*

Badar Hassan Mohammed Al Lawati

Computer & Information Sciences

*Dissertation: A Study of User Adoption of Smart Homes*

Osama Abdullah J Alsaadoun

Computer & Information Sciences

*Dissertation: A Study of Identity and Access Management as a Cybersecurity Safeguard for Industrial Internet of Things*

Jessa Dickinson

Human Centered Design

*Dissertation: Identifying and Transforming Power in Collaborative Research*

Howard R. Dittmer

Computer Science

*Dissertation: Code Generation Based on Inference and Controlled Natural Language Input*

Seth Joseph Kinnett

Computer & Information Sciences

*Dissertation: Skilling Up for CRM: Qualifications for CRM Professionals in the Fourth Industrial Revolution*

Nicholas Scope

Computer & Information Sciences

*Dissertation: Databases and Privacy Compliance*

Gracie Lu Straznickas

Human Centered Design

*Dissertation: A Cripistemology of Videogames: Analyzing the Connections Between Videogames and Chronic Pain*

Yiyang Wang

Computer & Information Sciences

*Dissertation: Towards Generalizable Machine Learning Models for Computer-Aided Diagnosis in Medicine*
