

DEPAUL UNIVERSITY'S 125TH COMMENCEMENT

JARVIS COLLEGE OF COMPUTING AND DIGITAL MEDIA
JUNE 15, 2024

JUNE 2024

DEAR GRADUATE,

Congratulations to DePaul's Class of 2024! I'm thrilled to celebrate DePaul's commencement with you and your families. Today, you're joining one of the most powerful alumni networks in the nation. Across the country and around the globe, DePaul alumni are known for their grit, innovation, and passion for making the world a better place. Our collective impact on the world is now 6,000 people stronger, because of you. I'm proud of you and look forward to following your future success.

A handwritten signature in black ink that reads "Robert L. Manuel". The signature is fluid and cursive.

Robert L. Manuel
President

JUNE 2024

DEAR GRADUATE,

You worked hard to get to this day, and your DePaul family could not be more proud of you. Commencement is a ceremony with a dual purpose: it serves as a celebration of all that you have accomplished at DePaul and is also a launching pad for the next chapter of your life.

As you move forward, remember the lessons gained during your time at DePaul. You have learned a lot in and out of the classroom, and you are equipped to excel on your chosen path. Now it's time for you to go forward and make a difference in the world.

Congratulations on your graduation!

A handwritten signature in black ink, appearing to read "Salma Ghanem".

Salma Ghanem, PhD

Provost

JUNE 2024

DEAR CLASS OF 2024,

Congratulations on reaching this remarkable milestone! On behalf of the entire Jarvis College of Computing and Digital Media Community, I extend my heartfelt congratulations for your outstanding accomplishment.

I'm so proud of all that you've achieved during your time at DePaul. You've won cybersecurity competitions, created award-winning films, designed games for social impact, and created innovative solutions to real-world challenges for the communities that surround us; your accomplishments have been nothing short of inspiring.

We are fortunate to have such forward thinking and dedicated students, and I know CDM has prepared each of you – tech innovators, designers, storytellers – to become life-long learners who will blaze new paths and continue to make meaningful contributions to society.

Today, as we celebrate your success, I want to also extend my gratitude to the parents, grandparents, siblings, partners, children, and friends who have encouraged you and supported you through this journey. They share our pride in your accomplishment and our confidence in your bright future.

Remember, as graduates, you are forever part of the CDM family. We are grateful for the legacy you leave behind and hope you will maintain strong ties with your college. The continued engagement of our alumni community enriches the experience of our current students and strengthens our college.

As you reach this academic milestone, reflect on some of the highlights of your learning experiences in the past few years. Perhaps you walked freshly painted new sets at Cinespace, you discussed lighting techniques with Oscar winner Roger Deakins, you realized a cool creation in the IRL, showcased your experimental game to Eugene Jarvis, worked side-by-side with CIOs in the iDLab, developed a cool new AI tool, or pushed the boundaries of the latest technology in the Jarvis Innovation Lab.

Reflecting on your journey, recall not only the academic milestones but also the human experiences that have shaped you. Maybe you discovered new cuisines and cultures with classmates from the other corners of the world, or found serenity standing inside a temple in Japan during your study abroad trip, engaged in a great conversation with an alum who opened your eyes to a new career, or laughed with your new Chicago friends while braving the “wind tunnel” at Wabash and Jackson as you experienced negative 20-degree weather for the first time.

As you move forward, reflect on the experiences and connections forged during your time with us and envision the positive impact you can have on future generations of CDM students. Joining the Alumni Association and giving back to our programs are meaningful ways to support the next wave of creative thinkers and innovators.

On behalf of the faculty and staff of the Jarvis College of Computing and Digital Media, congratulations again. I can't wait to witness the incredible achievements that lied ahead for each of you.

With best wishes for your future endeavors,

A handwritten signature in black ink that reads "Lucia Dettori". The signature is written in a cursive, flowing style.

Lucia Dettori, PhD

Interim Dean, Jarvis College of Computing and Digital Media

PROGRAM

JARVIS COLLEGE OF COMPUTING AND DIGITAL MEDIA

UNIVERSITY MARSHAL

Denise Nacu, PhD, *Associate Professor, Jarvis College of Computing and Digital Media*

INVOCATION

Scott Myers, MDiv, *Associate Professor, Jarvis College of Computing and Digital Media*

CONFERRAL OF HONORARY DEGREE

Kate Crawford, PhD, *professor at USC Annenberg, principal researcher at Microsoft Research, and author of Atlas of AI*
Citation read by Lucia Dettori, PhD, *Interim Dean, Jarvis College of Computing and Digital Media*
Hoodying by Robert L. Manuel, PhD, *President* and Salma Ghanem, PhD, *Provost*

COMMENCEMENT ADDRESS

Kate Crawford, PhD, *professor at USC Annenberg, principal researcher at Microsoft Research, and author of Atlas of AI*

STUDENT ADDRESS

Nabeel Sohail, BS Candidate, *Jarvis College of Computing and Digital Media*

CONFERRAL OF DEGREES

Lucia Dettori, PhD, *Interim Dean, Jarvis College of Computing and Digital Media*
Robert L. Manuel, PhD, *President*

REMARKS

Salma Ghanem, PhD, *Provost*

ALUMNI INDUCTION

Robert L. Manuel, PhD, *President*

RECESSIONAL

The roster of degree candidates as represented in this program was reflective of degree candidates at the time of production of this program as of May 1, 2024. We request that all candidates for graduation, their families and their guests, remain seated until the conclusion of the ceremony.

CANDIDATES FOR DEGREES

Lucia Dettori, PhD, *Interim Dean, Jarvis College of Computing and Digital Media*

Candidates' names announced by Eric Schwabe, PhD, *Associate Professor, Jarvis College of Computing and Digital Media and*

Robert Steel, MM, *Professor, Jarvis College of Computing and Digital Media*
