126TH
COMMENCEMENT

**Jarvis College of
Computing and Digital Media**

JUNE 14, 2025

JUNE 2025

DEAR GRADUATE,

Congratulations to DePaul's Class of 2025!

I'm thrilled to celebrate DePaul's commencement with you and your families. Today, you're joining one of the most powerful alumni networks in the nation.

Across the country and around the globe, DePaul alumni leave with more than just a degree. They carry with them a well-rounded education, a career-ready mindset, and a deep sense of purpose, equipping them to take on the world's most pressing challenges. As you move forward, let the Vincentian question guide you: What must be done?

Our collective impact on the world is now 6,000 people stronger, because of you. I'm proud of you and look forward to following your future success.

A handwritten signature in black ink that reads "Robert L. Manuel". The signature is fluid and cursive.

Robert L. Manuel, PhD

PRESIDENT

JUNE 2025

DEAR GRADUATE,

My heartfelt congratulations on this important milestone. Commencement is a ceremony with a dual purpose: it serves as a celebration of all that you have accomplished at DePaul and is also a launching pad for the next chapter of your life.

As you move forward, remember the lessons gained during your time at DePaul. You have learned a lot in and out of the classroom, and you are equipped to excel on your chosen path. Now is the time for you to go forward and make a difference in the world.

Go Blue Demons!

A handwritten signature in black ink, appearing to read 'S. Ghanem', with a long horizontal flourish extending to the right.

Salma Ghanem, PhD

PROVOST

JUNE 2025

LUCIA DETTORI, PHD
INTERIM DEAN

DEAR CLASS OF 2025,

Congratulations on reaching this remarkable milestone! On behalf of the entire Jarvis College of Computing and Digital Media community, I extend my heartfelt congratulations on your outstanding accomplishment.

I'm incredibly proud of all you have achieved during your time at DePaul. You've won cybersecurity competitions, created award-winning films, designed impactful games, and developed innovative solutions to real-world challenges for the communities around us. Your creativity, drive, and dedication have been nothing short of inspiring.

We are fortunate to have such forward-thinking, passionate students. I know that CDM has prepared each of you—tech innovators, designers, and storytellers alike—to be life-long learners who will blaze new paths and continue to make meaningful contributions to society.

As we celebrate your success today, I also want to acknowledge and thank the parents, grandparents, siblings, partners, children, and friends who have supported you throughout this journey. Their encouragement and love have helped bring you to this moment, and they share in our pride and confidence for your bright future.

As graduates, you will forever be part of the CDM family. We are grateful for the legacy you leave behind and hope you will maintain a strong connection with your college. Your continued engagement strengthens our community and enriches the experiences of our future students.

As you reach this academic milestone, take a moment to reflect on the highlights of your learning journey over the past few years. Perhaps you shot your first scene on the Virtual Production Stage at Cinespace, brought an idea to life in the IRL, showcased your game to Eugene Jarvis, collaborated with CIOs in the iDLab, developed a cool new AI tool, or pushed the boundaries of emerging technologies in the Jarvis Innovation Center.

(continued)

JUNE 2025

Think, too, about the human experiences that shaped you: discovering new cuisines and cultures with classmates from around the world, engaging in a great conversation with an alum who opened your eyes to a new career path, debating tough topics over coffee in the Loop, or simply sharing laughter in your dorm room with friends during a classic Chicago polar vortex.

As you move forward, carry these memories, experiences, and connections with you. Envision the positive impact you can have on future generations of CDM students—whether through joining the Alumni Association, mentoring, or giving back to our programs. Your contributions will help support the next generation of creative thinkers and innovators.

On behalf of the faculty and staff of the Jarvis College of Computing and Digital Media, congratulations once again. I can't wait to see the incredible achievements that lie ahead for each of you.

With best wishes for your journey ahead,

A handwritten signature in black ink that reads "Lucia Dettori". The signature is written in a cursive, flowing style.

Lucia Dettori, PhD

RECESSIONAL

The roster of degree candidates as represented in this program was reflective of degree candidates at the time of production of this program as of April 30, 2025. We request that all candidates for graduation, their families and their guests, remain seated until the conclusion of the ceremony.

CANDIDATES FOR DEGREES

Jarvis College of Computing and Digital Media

Doctor of Philosophy

AMAL NASIR ALMANSOUR
Computer & Information Sciences
*Dissertation: Exploring How
Uncertain Labels from Non-
Consensus Panels Affect Machine
Learning*

REDAR ISMAIL
Computer & Information Sciences
*Dissertation: Computational
Thinking, Informal Learning,
and Makerspace*

YUTA NAKAMURA
Computer & Information Sciences
*Dissertation: Accurate and Efficient
Differential Control Flow Analysis
of System Traces*

JENNIFER R. PIANE
Computer & Information Sciences
*Dissertation: Video Label
Refinement and Temporal
Localization Using Motion
Signal Patterns*
