

DEPAUL UNIVERSITY CORPORATE PARTNER COHORT

DePaul University's Kellstadt Graduate School of Business (KGSB) is offering the DePaul MBA to employees from its corporate educational partners, starting in March 2021. Students will complete all of the 11 required MBA core courses and a negotiation skills course. In consultation with their advisor, students choose four additional courses, which could count toward a concentration (see below).

This program is currently offered online. In future quarters, when conditions allow, Chicago-based students may choose to transition to in-person instruction for synchronous courses. All students may choose to finish the degree program entirely online. All courses are online hybrid, which blend asynchronous and synchronous (live) online formats, with 30% or more of the learning activities designated as asynchronous online. The program will meet Mondays from 6:30–8 p.m. CST. Students will be able to complete the 60-credit-hour degree in two years (eight academic quarters).

COST
DePaul provides a **25% tuition discount** for employees of its corporate partners in this cohort program, which requires a minimum of 20 students. Students should inquire with their company's human resources department about possible additional tuition benefits. Employees with undergraduate business degrees may be eligible for course waivers, further lowering the tuition cost.
