

Updating SharePoint for the new University Catalog

1. Click to edit the page
2. Click the tool tip arrow in the upper right hand corner of the Shared Site Content webpart, then click Delete:

3. Insert the University Catalog webpart and click Configure:

University Catalog

Configure

Configuration Settings	
Catalog URL:	
Section List:	
Suppress Filter:	
Cite Source:	False

4. Insert the Catalog URL that corresponds to the information you want to surface and click Load. Under Sections, checkboxes will appear with the various elements of the catalog (Major Requirements, College Core Requirements, etc.). Select the information you wish to surface, verify the correct content is showing in the Preview side of the window, and click Save.

University Catalog Configuration

Catalog URL
The url must start with https://catalog.depaul.edu
No catalog page chosen!

Suppress Filter
For example 'table' to suppress table or p:nth-child(1) to suppress the first paragraph.
 Source Citation
