Feedback

Collaboration

WHAT GROUP PROJECTS ARE SUPPOSED TO TEACH YOU

WHAT GROUP PROJECTS TAUGHT ME

Communication

- Student response
 - “I became more open and more comfortable to peer review”
 - “to have a successful group, there has to be clear communication...especially for our Zafen project”
 - “working in groups taught me how to better express my ideas”

Collaboration/Teamwork

- Student response
 - "...teaches you that in the real world you must work as a whole unit to overcome issues"
 - "I can pretty much name every single student and have talked to almost all of them...compared to (my) other four classes the answer is two."

Competition

Impact of Competition

- Engagement
 - "... it added a level of fun to the experience."
 - "... kept us on our toes."
- Skill application
 - "I think the fact that we were competing helped us problem solve."
 - It made us really work on our persuasive skills."

Impact of Competition

■ Motivation

- "... made our group work harder together."
- "It motivated us to go above and beyond what we would normally do to get a satisfying grade."
- "... competition helped me step up my level of productivity."

■ Group Dynamic

- "...we used the competition as a source of camaraderie...it made our bond and work ethic much stronger."
